Your discount choice

You will be entirely satisfied with the quality of the jewellery you buy because every piece is selected by Mr Brian Selwood a fellow of the Gemmological Association of Great Britain. In addition the law lays down very specific requirements for hallmarking gold and silver jewellery and Elizabeth Duke jewellery fully meets those requirements. There is the extra surety of a valuer's certificate with all engagement and eternity rings as well as most other pieces of gold jewellery. Of course a ring sizing service is available for your convenience.

Our ability to buy large quantities of jewellery direct from the manufacturer and sell it efficiently enables us to dispense with the traditional jeweller's high profit margins, but maintain high standards for our jewellery. When you purchase you can be assured of satisfaction because all jewellery is covered by our money-back guarantee (see page 267 of this catalogue).

QUARTZ WATCHES

We offer two types of quartz watch, at the heart of both a small crystal vibrates at a steady frequency and is responsible for high precision.

ANALOGUE watches possess conventional dials, the hands being driven by a small motor governed by the vibrations of the crystal.

LCD watches have a continuous Liquid Crystal Display, showing the time in figures. Varying features on individual watches allow additional information to be given, at the touch of a button.

Full instructions with each watch.

For an easy guide to the main features of our LCD watches look at the symbols beside each watch and refer back to the key opposite.
